Knowledge Exchange: Bhutan's Gross National Happiness (GNH) Index Project

Aug 2025 – Ongoing

- Worked on an academic essay on Bhutan's innovative alternative to the gross domestic product index to quantify the nation's development stage and its ripple effects on the world's leading nations, such as the United Nations' development of the "World Happiness Report" and more
- Interviewed Channe Lindstrøm Oğuzhan, a United Nations Social Affairs Officer with more than 20 years experience in advancing human rights & gender equality on how the UN works towards providing alternative outlooks to the gross domestic product index, inspired by Bhutan's Gross National Happiness (GNH) index, and specifically how they approach goals of approaching gender equality in that context as it is her expertise
- Plan to publish [the academic essay](#) and the interview, and make informative pamphlets with summaries
